Reminders on Submitting Federal Financial Reports and Performance Reports in JustGrants

For many award recipients, one or more Federal Financial Reports (FFRs) or performance reports will be due at the end of July 2022. Here are a few tips and reminders about due dates and what to expect when submitting FFRs or performance reports.

**Federal Financial Reports (FFRs)**

- For recipients with active awards, the next quarterly FFR covers the period April – June 2022 and is due on or before July 30, 2022. FFRs not submitted by this due date will result in suspended access to funds.
- For recipients with awards that are past their project period end date and the final reports have not yet been submitted, the final FFR is due on or before 120 days after the project period end date. Example: For awards that ended on March 31, 2022, the final FFR (and other closeout actions) are due on or before July 29, 2022.
- The only role within JustGrants that can submit an FFR is the Financial Manager. Individuals with that role in JustGrants should review the Submitting Financial Job Aid Reference Guide for guidance on how to complete and submit FFRs in JustGrants.
