Application Attachments

Attachment Tips

Attachments are stored in the application based on which **Attachment Category** is selected when the file is uploaded to the application. The **Category** should default to the application section.

Example: For an attachment to display in the **Proposal Narrative** section of the application, the **Proposal Narrative Attachment Category** must be selected.

The screenshot displays the application interface with a green box highlighting the attachment details for 'Proposal Narrative.docx'. Below this, a table lists the attachment's metadata. The bottom section shows the 'Goals, Objectives, Deliverables, and Timeline' area, including a 'Goal Statement' and 'Objectives' table.

Application Attachments

Attachment Tips

File names are limited to 59 characters. If a file name is too long, a red triangle appears on the file name.

File sizes are limited to 25 mb.

If an attachment was uploaded previously, JustGrants will not allow a second attachment to be uploaded with the same name. Change the name slightly to upload a second time.

The file name will default to the name of the file you are uploading. You can change the **Name**.
